PRODUCT INFORMATION

Suture Guide/ Organizer ZARMEDIC®

Suture Guide/ Organizer ZARMEDIC provides an improved alternative to existing Organizers.

- Improved visibility of marks.
- Double bag packaging: No “jumping guides” when opening the external sterilization pouch.
- Improved peel-off: Faster and easier removal.
- Medical Grade adhesives: No risks if any contact with patient’s skin.
- PVC and Latex free.
- Sterilized by electron beam radiation.
- Internal bag with easy-open lateral cuts.
- High resistance cardboard box with frontal easy-open pre-cut slot. Reclosable for better product protection.
- REF: ZSG3: Each pouch contains 3 Guides/ Organizers
- REF: ZSG1: Each pouch contains 1 Guide/ Organizer.
- One shelf box contains: 4 set x 3 guides (ref: ZSG3) or 12 set x 1 guide (REF: ZSG1)
